L: 216 W: 35.5 H: 27 Inches

Paddling along the river or lake, you can't help but notice how serene the day and how smoothly you glide. A canoe made like no other, this piece represents generations of boat makers, a history of craftsmanship and a legacy of pride.

Each and every canoe is hand crafted as strips of the best quality cedar are joined and then cemented together with a layer of fiberglass and epoxy resin imbuing the watercraft with an incredible strength.

# Skeena Canoe 16

L: 187.5 W: 31.5 H: 24 Inches

The real wood grain is absolutely mesmerizing. You won't be able to help but admire the craftsmanship, the rich tones of the hand joined cedar strips and the clear finish that really highlights the artfulness of this piece.

You will get lost in the day as it is spent upon the water engaged in whatever activity you most enjoy. This is how the lake or stream or river was always meant to be navigated. A canoe that took 500 hours to build has got to be an experience like no other.

# Venetian Gondola

L: 460.6 W: 74.8 H: 110.2 Inches

The most famous and characteristic symbol of Venice is the Gondola. It is a traditional, flat-bottomed Venetian rowing boat, well suited to the conditions of the Venetian lagoon.

This boat is beautifully painted in its original color black with white stripe. It is completely handcrafted and takes the master craftsmen 600-800 hours to build. We use the traditional method of constructions while integrating the highest quality of materials currently available. Strips of red cedars are joined by hand and then encapsulated in fiberglass bonded in place with epoxy resin then coated with marine varnish. This combination of fiberglass and epoxy is very strong and the wood will be protected for generations.

# Miramichi Kayak 17

L: 206 W: 23 H: 13 Inches

It's not about just being on the water, it's about deftly cutting through it, it's about a smooth one-of-a-kind experience, and it's about knowing that your watercraft is a handmade emblem of true craftsmanship.

Over 500 hours of build time means that you not only get nautical precision, but the stunning beauty that comes from hand joined cedar strips--the best quality available. Extra care is taken with the finish as the kayak's exterior combines a layer of fiberglass and epoxy resin with a marine varnish ensuring the boat's longevity and durability.

# Miramichi Kayak 15

L: 177 W: 24 H: 13.5 Inches

When is a kayak not just another kayak...when it is a handmade, 100% red cedar watercraft designed with optimal enjoyment, stunning looks and classic construction in mind. Taking over 500 hours to create, this is so much more than what you might find at a big box retailer.

Imagine yourself cascading along the water in this light weight, easy-to-carry and elegantly crafted kayak. The beauty of the natural world around you comes fully into view as you slice through the current.

# Klinaklini Kayak 19

L: 229 W: 27 H: 17.5 Inches

We have spent hundreds of hours on this finely crafted 2 person kayak so that you really do get the ultimate enjoyment. Hand joined red cedar strips coated with a layer of fiberglass and epoxy resin create a finish that is as stylish and amazing to look at as the kayak is to navigate.

Traveling back in time does not describe the experience of history you get from this watercraft. With all of our boats, tradition and classic lines emphasize how incredibly well-made the vessel is.

# Display Canoe 10 ft
