

FINE SCANDINAVIA *Premium*

WHO WE ARE

Fine Scandinavia is a Swedish owned manufacturing company founded in 2007. We always aim to be one of the top providers of design, development & manufacturing both in metal, which is our DNA, and other materials such as: wood, glass, stone, marble, textile, natural fibers and more. We provide a complete product design & development service. We work from idea, 3D engineering & visualization, sampling and testing to finale customer approved sample for mass-production launch and delivery.

VISION/MISSION

Maintain our commitment to design and innovation, honesty, and client satisfaction through practices that balance our commercial, social, and environmental goals to create a long-term and sustainable business for the benefit of all our stakeholders. Reach the highest manufacturing standards, and meet the needs of our clients through great design and development of high quality products at a competitive pricing and reliable delivery.

FACILITIES

We have a total workforce of 250 skilled and experienced staffs who work in our manufacturing facilities, plus another 50 in our administration, QA, Technical, R&D and Design Department. We offer a modern, scalable, reliable, ISO and BSCI certified production, from planning phase to finished product. Our facilities cover more than 8000 square meters of modern manufacturing. Capacity of 50 containers/month on one working shift.

“ Fine Scandinavia always aims to be one of the top providers of design, development & manufacturing of Home Furniture and Industrial products. We product metal and source mixed material, such as: wood, glass, stone, marble, textile, natural fibers and more.

Our mission is to sufficiently design and develop and offer new and exciting products for the global market. *“From an initial rough sketch, we develop and bring design ideas into reality”.* ”

Fine Scandinavia has a skillful manufacture team including experienced staffs in all over departments of R&D technicians, QA & QC, designers, customer service, and purchasing.

We are continuously in the hunt for new designs and new alternative materials to follow the market trends.

We engage in sourcing and have great partners to support us with fully wooden products and other mixed material such as glass, natural fiber, upholstery, marbles and more.

CASEGOODS

SALANDER

METAL - SOLID BRASS / BRONZE - OAK WOOD

“ Salander collection introduces the new V-profile on metal edge to easy off the boxy feeling. Incorporating a bright earth tone color, this is a ideal casgood solution to brighten a living room environment - in which light is never be enough.

NORM

METAL - NATURAL OAK

“ Norm bedroom speaks the voice of Scandinavia style through the natural oak finish in a "clean-cut" minimal design. Meanwhile, the antique black on metal parts contain a strong a repurpose aesthetic. Norm links a common design shape with distinct color finish - which lifts "Norm" out of "the normal"..
